About us

OUR WINE STORY

Through craftsmanship in the art of wine making sustained by modern technology, our company produces distinct wines with a strong personality, expressing the uniqueness of our Terroir and our passion for wines. Our historical roots come from the oldest wine region in Romania, Vrancea.

Our company owns 133 hectares of vineyards in two different regions Vrancea (Panciu, Odobesti) and Vaslui (Huși). We have the opportunity to select the best wines from each region and to offer consumers a high standard of quality.

Starting in 2003, we began the production of organic wines, in accordance with all EU rules in force. Since then we are the market leader in qualitative Bio wines production, that have great aging potential.

We are proud to be called the Romanian winery with the largest Romanian variety in the portfolio.

Experience in the production of high quality wines

Expertise in organic grape production and organic winemaking, as well as in organic vegetable production and organic fruit growing

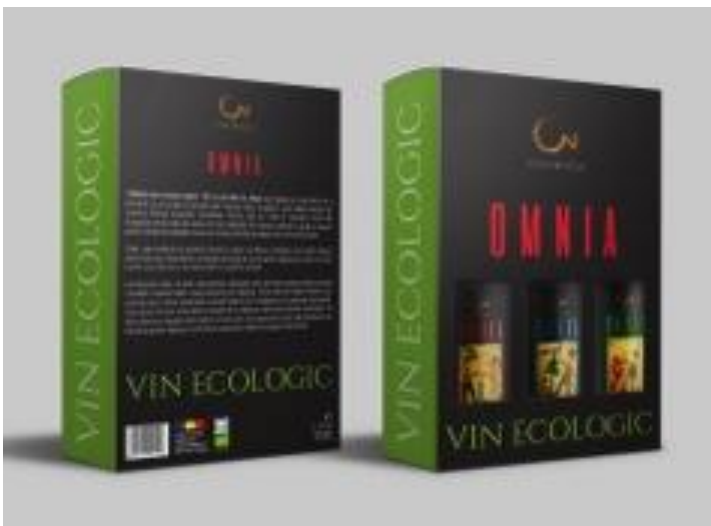

The presentation continues on the market in Romania as well as in the world for the last 30 years!

MONȘER

VARIETIES

Crâmpoșie
Fetească Albă
Zghihară de Huși
Fetească Regală
Fetească Neagră
Băbească Neagră

QUALITY

Romanian grape varieties.

The name “Monșer” is taken from the works of I. L. Caragiale, the famous satirist, who captured the changing atmosphere of the late 19th century – La Belle Epoque. The label recreates the atmosphere of the time when nobles enjoyed wines produced in their vineyards, with the motto: “Soiuri pure românești pentru boieri și obrazuri subțiri.” – “Pure Romanian varieties for noble people”

VARIUS

VARIETIES

Cabernet Sauvignon

Merlot

Sauvignon Blanc

Riesling

QUALITY

Varius is dedicated to the international varieties. The name is derived from Latin, meaning 'Variety'. Two thousand years ago Dacia was a Roman colony, hence the Latin framework for the Romanian language. At the beginning of the 20th century France and other nations gave Romania assistance to recover after the phylloxera infestation, thereby introducing international grape varieties into our vineyards. Thus, ancient and modern influences, combined with the land and its people, have given us the concept for the label, the subject being thousands of years old but modernised in a minimalist style.

Compania de Vinuri

CUZA VODA

VARIETIES

Băbească Neagră
Cabernet Sauvignon
Merlot

QUALITY

The name of the range comes from Alexandru Ioan Cuza (1820-1873) who was the 'Voda' (Prince) who led the Principalities in what is now the country of Romania in 1859

QUALITY

This range illustrates the characteristics of the wines (delicate, friendly, refined) , whilst tapping into the essence of elegance, sophistication and grace.

VITA DE VIE

VARIETIES

Riesling

Babeasca Neagra Rose

Cabernet Sauvignon & Babeasca Neagra

QUALITY

In Thrace, now modern Romania, 6000 years ago, the Greek God Dionysus, son of Zeus and Semele was born, and this heralded a new form of agriculture - winemaking.

The location, the climate, the soil the landscape, the grapes and the people are inherent in our wines. Casa Neacsu vineyards reap the benefits of being at the same latitude as Bordeaux, Burgundy and Piemonte, where grape farming is in people's nature.

HEREDITAS

VARIETIES

Fetească Neagră
Babeasca Neagra
Riesling Italian

QUALITY

Premium organic wine from Insuratei, the largest organic vineyard in SE Europe. The name and design were inspired from the vineyard, where man lives in harmony with nature, enjoying its gifts. The label depicts a characteristic scene from the “Terraces of the Danube” the image of the Great Bustard, a bird which inhabits the area, the symbol of the bond between man and his surroundings.

OMNIA

VARIETIES

Fetească Neagră
Babeasca Neagră
Riesling Italian

QUALITY

Omnia is the first organic wine launched in Romania. The wines come from Însurăței. The name comes from Latin meaning “Everything” and refers to the contribution of these wines to consumers. The wines are produced from organically grown grapes, without the use of pesticides or chemicals.

The labels depicts the relationship between man and nature and represent the oldest Romanian paintings ever found, which are showcased at The Romanian History Museum.

SECOLUL 13

VARIETIES

Babeasca Neagra
Riesling Italian
Chardonnay
Feteasca Neagra

QUALITY

The name comes from the first written proof of one of the Romanian provinces. All the wines in this range are organic. It is the premium range, with grapes obtained from low yields, to put forward the character of the terroir.

OCCULTUS

GRAND RESERVE

Cabernet Sauvignon, Merlot, Fetească Neagră, Băbească Neagră

SUPER PREMIUM QUALITY

Made from a blend of four grape varieties: 35% Cabernet Sauvignon, 30% Merlot, 20% Fetească Neagră and 15% Băbească Neagră. Local and international grapes join together in perfect harmony to create this fine wine. The wines were aged in 100% new Romanian oak barrels for 24 months. The blending was done before bottling and the wine was aged for 30 months in bottle and released when it began showing its true potential. The name, Occultus, comes from the Latin occult which means “hidden” or “secret”, waiting to be revealed. Occultus is for people who have the wisdom to discover its secrets patiently, to let themselves be inspired by the complexity of its flavours.
